

## Florida Keys DMR Tech Net

Starting at 7:20 PM you can ask for any early check-ins to the Net. (During the Net check for more check-ins at 7:45 and 8 PM if the net is going long.

It is 7:30, and time for the Florida Keys DMR Tech Net This is Tonv. W4KWS. in Key West.

Before we start, is there any emergency or priority traffic? 10 sec pauses

Nothing heard. The Florida Keys DMR Tech Net is a directed Net, please address all transmissions through net control. The net is open to any licensed amateur wishing to check in. We will be taking check-ins geographically from Key West north to Key Largo and beyond.

Anyone wishing to check in from Key West to the Seven Mile Bridge, please come now.

Anyone wishing to check in from Seven Mile Bridge to Key Largo please come now.

Anyone wishing to check-in from anywhere please come now,

We will go through the list I have and then call for additional check-ins in a few minutes.

The net is a technical discussion net revolving around DMR or other digital modes, helping others with radio programming or other issues Including Allstar, HamShack Hotline or anything related to the operation and configuration of devices supporting any of these technologies.

The Topic of the day is XXX.

Any questions or announcements from anyone on the Net?

7:45 and at 8 PM any additional check-ins for the Net?

Hearing no one else, I will now close the Florida Keys DMR Tech Net. I want to thank the Monroe County Sheriff's Office for keeping the repeaters up and running. Monroe County maintains five repeater sites for amateur use. They are at Mile Marker 0, 34, 49, 88 and North Key Largo, They are all open repeaters and free to Use for Amateur traffic. (pause)

The Florida Keys DMR Tech Net is now closed, and the DMR repeaters are returned to normal traffic.

Thank you all for checking in and hope to see you again next week.
